Internship

About me

Aspiring Software Engineer/Cybersecurity specialist with a strong foundation in programming and development, seeking an internship or a part time/student job, to apply my skills and gain practical experience. Proficient in various programming languages and committed to continuous learning and growth within the IT and Tech industry. Just starting Cyber Security, but have proficiency in programming, having done programming in C/Assembly for an TTY based OS, as Windows kept bothering me.

Desired industry

- IT, Tech

Education: Incomplete higher

Southern Denmark University
Currently studying
Faculty: Faculty of Engineering
Speciality: Software Engineering BSc
